**Laminate flooring is made from composite wood pressed together at high temperatures. The image of hardwood is then placed over the composite wood, covering it to form the laminate. Since laminate is made from pressed wood, it is more durable and resists scratches, moisture and wear and tear. It is also easier to clean.**

# WALLPAPERS

We have a wide range of creative designs, colours and textures to suit the interiors.

CHOOSE  
FROM  
PREMIUM TO  
CUSTOMISED

Wallpapers are easier to clean and maintain compared to traditional wall paints that require special knowledge and products to clean.

Wallpapers are walls best friend! They stick together for their entire life.

Let your wall tell a story with our range of high quality wallpapers. Choose from a range of modern wallpaper designs you've never seen before for your house walls, bedroom, living room, kitchen & office space.

A STRONG DECKING  
GAME PLAN THAT  
OFFERS A HONEST  
TO GOODNESS

# IPE DECK FLOORING

WE OFFER QUALITY DECKING IN  
BOARD, TILE AND COMPOSITE  
STRUCTURE.

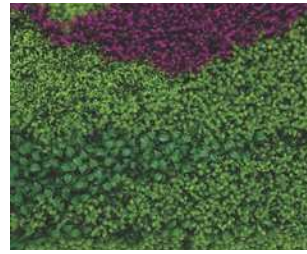

IPE's Deck flooring thickness keeps it from decaying and distorting, even under the harshest climatic conditions. The hardness of IPE Deck flooring likewise gives it a characteristic imperviousness to termites and fire spread.

# GREENWALL

INDOOR AND OUTDOOR GREEN SOLUTIONS

Our artificial greenwall is maintenance-free, super realistic, and completely customizable, our artificial green wall is a surefire way to drastically improve commercial and private spaces. Whether you're looking to green up a small corner of your kitchen, or you're working on a large scale commercial project, our panels make an instant difference.

# CARPET FLOORING

*Available in Tile format too*

We do not try to simply sell you carpets, but we take great pride in our ability and capability in being able to customize the right floor to meet your special design requirements. The onus is on us to suggest the most appropriate solution for your need and budget
